

DISCRIMINATIONS AROUND US: FIGHT THEM TOGETHER

ERASMUS+ , 2019, Youth Exchange

(SLO)

Mednarodna mladinska izmenjava, financirana iz programa Erasmus + z naslovom "Diskriminacija okoli nas: Borimo se skupaj" je potekala v Catanii, Sicilija. V projekt je bilo vključenih več kot 40 mladih iz Italije, Makedonije, Poljske, Slovenije in Španije. Projekt je bil odlična priložnost za razpravo in boj proti diskriminaciji, predsodkom in stereotipom. Glavna dejavnost mladinske izmenjave je bila organizirana »Živa knjižnica«. Živa knjižnica je inovativna, preprosta in konkretna metoda za spodbujanje dialoga, zmanjšanje predsodkov, razbijanje stereotipov in spodbujanje razumevanja med ljudmi različne starosti, spolov, življenjskega sloga in porekla. Živa knjižnica je videti kot prava knjižnica; udeleženi so knjižničarji in knjige, katere lahko izbirate. Razlika je v tem, da za branje knjig ni treba, da listate po straneh, ampak so te "žive knjige" "izposojene" za pogovor: vsak bralec si izbere svojo knjigo – svojega sogovornika.

The project is an international youth exchange supported by the Erasmus + program entitled "Discriminations Around Us: Fight Them Together". The event sees the participation of over 40 young people from Italy, Macedonia, Poland, Slovenia and Spain: an opportunity to discuss and fight discrimination, prejudices and stereotypes. Main activity of the youth exchange will be human library. The Living Library is an innovative, simple and concrete method of promoting dialogue, reducing prejudices, breaking stereotypes and promoting understanding between people of different ages, sexes, lifestyles and cultural backgrounds.

The living library looks like a real library, with librarians and a catalog of titles to choose from, the difference lies in the fact that to read books you don't have to leaf through the pages but these "living books" are "borrowed" for the conversation: each reader chooses his own book.
