

## SPECIAL TALENTS

### *Erasmus + KA1 project – Mobility for youth workers*

Od 8. do 13. oktobra se je na Sardiniji odvijala mednarodna mladinska izmenjava Special Talents, katere so se udeležili mladinski delavci iz Španije, Portugalske, Grčije, Romunije, Turčije, Poljske in Slovenije. Osrednja tema so bili posebni talenti in spoznavanje njihovega pomena za dobro samopodobo posameznika ter njegovo vključenost v družbo. Udeleženci so izmenjavali izkušnje in predstavljali organizacije s področja dela z ljudmi (mladinski center, vzgojni zavod, terapija z živalmi, delo z gibalno oviranimi osebami, društvo, ki se zavzema za lažjo dostopnost krajev ljudem, ki so gibalno ovirani, in tudi Fundacija Študentski tolar ter ŠOU v Ljubljani). Pomen odkrivanja talentov smo spoznavali skozi razpravljanje o tem, kaj nam pomeni beseda talent, tudi ob sodelovanju na fotografski in risarski delavnici. Dogodek so organizirali člani društva Coda di Lupo, ki se ukvarja s terapijo s psi, in je bil financiran v sklopu programa EU Erasmus+.

From 8 to 13 October, an international youth exchange Special Talents took place in Sardinia, which was attended by youth workers from Spain, Portugal, Greece, Romania, Turkey, Poland and Slovenia. The central theme was special talents and learning about their importance for the good self-image of the individual and his inclusion in society. Participants exchanged experiences and represented organizations in the field of working with people (youth center, educational institution, animal therapy, work with people with disabilities, an association that promotes easier access to places for people with disabilities, as well as the Fundacija Študentski tolar and ŠOU v Ljubljani). We learned the importance of discovering talents by discussing what the word talent means to us, also by participating in a photography and drawing workshop. The event was organized by members of the Coda di Lupo association, which specializes in dog therapy, and was funded under the EU Erasmus + program.
